P R O F I L E

Living the Aussie dream on the Gold Coast, currently studying Masters in Information Technology with Specialization in Data Science at Southern Cross University and working at the Star Resort during this time.

I am looking for a new commencing in the I.T industry, where I can build amazing things to help people through technology.

"Belief in yourself, listen to your gut, and do what you love." (Dylan Lauren).

If you like to know more about me, please feel free to **contact me**.

E X P E R I E N C E

WEB DEVELOPER

From 2020 to 2021 | Wolffo.Design

That's my freelance company where I build beautiful websites using UI/UX techniques, front-end, and back-end development. Check out my portfolio wolffo.design.

SYSTEM ANALYST

From 2015 to 2017 | Betha Systems

As a system analyst, I was required to communicate with clients, understand their problems, and propose solutions. I also customized system functions to attend to customers' needs and build reports with SQL queries.

SYSTEM ANALYST

From 2012 to 2015 | Plasoft Software

As a system analyst, I was required to communicate with clients, understand their problems, and propose solutions. I also customized system functions to attend to customers' needs and build reports with SQL queries. In this case, I worked with a customizable ERP system developed in-house.

BARISTA

From 2018 to 2021 | Tap and Grind Cafe

Making people happy with amazing coffees in an awesome environment. That was my job!
